TOWN WARRANT

THE STATE OF NEW HAMPSHIRE

To the inhabitants of the Town of Hollis in the County of Hillsborough in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at Town Hall in said Hollis on Tuesday, the tenth day of March, next at nine of the clock in the forenoon, to act upon the following subjects:

Polls will open from 9 A. M. to 6 P. M.

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To hear the reports of the Selectmen and other Town Officers and Committees.

4. To see if the Town will vote to authorize the Treasurer under order of the Selectmen to borrow money in anticipation of taxes.

5. To see if the Town will vote to accept State Aid for the construction of Class V Roads and appropriate the sum of $893.81.

6. To see if the Town will vote to authorize the Selectmen to distribute blank inventories at the time of appraisal.

7. To see if the Town will vote to allow 1% discount on taxes paid before August 1st 1953 and assess fines of twenty cents on all poll taxes not paid by September 1st 1953.

8. To see if the Town will vote to have a blinker light installed at the route junction of No. 122 and No. 130 and appropriate the sum of $150. therefor.

9. To see if the Town will authorize the Moderator to appoint a committee of three persons to investigate and make recommendations at the 1954 town meeting as to the registration of bicycles in the town.

10. To see if the Town will raise and appropriate the sum of one thousand ($1,000.) dollars to repair and remodel the Town Sheds.

11. To see if the Town will vote to elect the Road Commissioner for a term of three years.

12. To see if the Town will vote to discontinue Mill Road from Plain Road to a point 200 feet west of the bridge over Witch Brook.

13. To see if the Town will vote to discontinue Farley Road from entrance to Ouellette camp to entrance to Farley camp.

14. To see if the Town will vote to discontinue the road from Wheeler Road to Ernest Dunklee Place.

15. To see if the Town will vote to allow the Collector of Taxes additional compensation for his services in collecting the State Head Tax and to fix the amount thereof.

16. To see if the Town will vote to elect a Town Forest Committee of six members under the provisions of the laws of the State of New Hampshirie.

17. To see if the Town will authorize the Selectmen to execute a quit claim deed on behalf of the town conveying to Theodore J. and Edna L. Adamaitis as joint tenants any interest the town may have acquired thru tax sales in the Leavitt Lot on Runnells Bridge Road.

18. To see if the Town will vote to amend the Zoning Ordinance to provide for exceptions and variations and to establish procedures for granting the same.

19. To see if the Town will vote to change the distance requirements of Section 7,4.b and 7,4.c of the Zoning Ordinance.

20. To transact any other business which may legally come before this meeting.

Given under our hands and seal this twenty-first day of February, in the year of our Lord Nineteen Hundred and Fifty-three.

ROSCOE L. BROWN
WINTHROP L. CARTER, JR.
WOODBURY D. BELL

A true Copy of warrant—Attest:

ROSCOE L. BROWN
WINTHROP L. CARTER, JR.
WOODBURY D. BELL

PROPOSED AMENDMENTS TO THE ZONING ORDINANCE

Amend Section 7, subsection 4, subparagraph b by striking out the following words: "property on which the building is proposed to be erected" and inserting in place thereof the following: "building which is proposed to be erected" so that said Section 7, 4, b as amended shall read as follows:

> b. Upon receipt of an application for a permit to erect a building to be used in connection with a new business, which new business shall have received prior approval of the Board of Adjustment in accordance with the provisions of section 3, paragraphs 11 and 12 hereinabove set forth, the Building Inspector shall notify by registered mail all owners of property within a radius of 1,000 feet of the building which is proposed to be erected, and shall not issue a permit until ten days after such notification has been mailed or given in person in writing.

Amend Section 7, subsection 4, subparagraph c by striking out the following words: "property on" and inserting in place thereof the following: "building in" so that said Section 7, 4, c as amended shall read as follows:

> c. Any owner of property within a 1,000 feet radius of the building in which the new business is proposed to be established, may, within ten days after such notification has been given, object in writing to the Board of Adjustment on the ground of the appearance or use of the proposed building or structure. The Board of Adjustment shall thereupon give a hearing within thirty days of the receipt of such notice of objection at which parties in interest and others shall have an opportunity to be heard, and shall decide whether the permit shall issue or not. At least fifteen days notice of the time and place of such hearing shall be given by publication in a newspaper of general circulation in the Town of Hollis and by posting at the town hall and post office.

Amend Section 8 of the Zoning Ordinance by adding the following new paragraphs:

2. The Board of Adjustment may, in appropriate cases and subject to appropriate conditions and safeguards, make special exceptions to the terms of this ordinance in harmony with its general purpose and intent and in accordance with the general or specific rules herein contained.

3. Meetings of the Board shall be held at the call of the chairman and at such other times as the Board may determine. All meetings shall be open to the public. The Board shall adopt its own rules of procedure. The Board shall keep minutes of its proceedings, showing the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall be immediately filed in the office of the Board and shall be a public record.

4. Appeals of the Board of Adjustment may be taken by any person aggrieved or by any officer, department, board, or bureau of the town affected by any decision of the Board of Selectmen as the administrating and enforcing body of this ordinance. Such appeal shall be taken within a reasonable time, as provided by the rules of the Board, by filing with the Board of Selectmen and with the Board of Adjustment a notice of appeal specifying the grounds thereof. The Board of Selectmen shall forthwith transmit to the Board of Adjustment all the papers constituting the record upon which the action appealed from was taken.

5. An appeal stays all proceedings under the action appealed from, unless the Board of Selectmen certifies to the Board of Adjustment after notice of appeal shall have been filed with the Board of Selectmen that by reason of facts stated in the certificate a stay would, in its opinion, cause imminent peril to life or property. In such case, proceedings shall not be stayed otherwise than by a restraining order which may be granted by the Board of Adjustment or by the superior court on notice to the Board of Selectmen and cause shown.

6. The Board of Adjustment shall fix a reasonable time for the hearing on appeal, give public notice thereof, as well as notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing any party may appear in person or by agent or attorney.

7. The Board of Adjustment shall have the following powers:

a. To hear and decide appeals where it is alleged there is error in any order, requirement, decision or determination made by the Board of Selectmen in the enforcement of this ordinance.

b. To hear and decide special exceptions to the terms of this ordinance upon which it is required to pass under this ordinance.

c. To authorize upon appeal in specific cases such variance from the terms of this ordinance as will not be contrary to the public interest, where, owing to special conditions, a literal enforcement of the provisions hereof will result in unnecessary hardship, and so that the spirit of this ordinance shall be observed and substantial justice done.

d. In exercising the above-mentioned powers the Board of Adjustment may, in conformity with the provisions hereof, reverse or affirm, wholly or partly, or may modify the order, requirement, decision or determination appealed from and may make such order, or decision, as ought to be made, and to that end shall have all the powers of the Board of Selectmen.

e. The concurring vote of three members of the Board shall be necessary to reverse any action of the Board of Selectmen, or to decide in favor of the applicant on any matter upon which the Board of Adjustment is required to pass under this ordinance, or to effect any variation in this ordinance.

8. In granting variations the Board may impose such reasonable and additional stipulations and conditions as will in its judgment best carry out the intent and purpose of this ordinance.

9. The Board may, in its discretion, authorize the following exceptions to be made, and permits to be issued:

a. For a sand, gravel or clay pit together with the necessary building or structures for such period and under such conditions as are reasonable, considering the character of the area in question.

b. For a reasonable extension of the regulations of either District over a lot divided by a District boundary line, when all parts of such lot are held under the same ownership at the time of the passage of this paragraph of this ordinance.

c. For the erection or use of a structure in any District by a public utility corporation when such erection or use is reasonably necessary for the service of the public and not

unreasonably detrimental to the character of the development.

d. For a cemetery or a municipal utility or building in any District.

e. For a front, side or rear yard of less depth than that required by this ordinance, where topography or existing building development makes strict compliance unreasonable or substantially impossible.

HEALTH OFFICER'S REPORT

We are proud to say our Town is a clean Town, thanks to the cooperation of the Towns people. Yes, we have had our share of children's diseases and minor complaints of unsanitary conditions, which we hope will not reoccure this year. Let us be reminded once more of the proper use of our Town Dump and also of the service of our garbage collection.

Please Do Not Dump Garbage along the Roadside or in the Dump.

Please Report all Contagious Diseases at once.

Help your local Board of Health and your Local Board of Health will gladly help you, which will be the answer to a Clean, Healthy 1953 for Hollis.

E. R. SIMONDS

Health Officer

REPORT OF THE FIRE CHIEF

The fire record for 1952 shows a total of 20 fire calls, plus 33 calls for the resuscitator, one for actual use and two stand-by calls.

Two barns, totally afire before discovery, were total losses but the dwellings involved were protected and saved. There were 4 chimney fires, 1 oil burner, 1 oil stove, 1 electric motor and 1 milling machine, 10 grass and brush fires, and 257 burning permits were given. Numerous calls were answered for pumping out wells and cellars.

May I again appeal to everyone to secure permits for all outdoor burning and to use care in the handling of their outdoor fires at all times. It can be successfully done because during the dry period of July, August and September we did not have a single fire call.

The members of the Department wish to thank everyone for their cooperation in the fund raising projects of the past year.

WARREN H. TOWNE

Chief

CIVIL DEFENSE REPORT

This year we are glad to say we have had no expense and very little activity, except in the administrative department. We do, however, wish to remind you that this organization is still active and much needed according to many of our Officials. We urge you all to be on the alert and be aware that we have a local organization ready to function.

Should an emergency or disaster occur we still have the following heads of the various operational units:

Assistant Director—Daniel Brocklebank
Communications—Henry Hildreth
Refugee Unit—William & Marion Sprowle
Fire Fighting Unit—Warren Towne
Police Unit—Jack Woods
Engineering Unit—Timothy O'Neil
Transportation Unit—Frank Whittermore
Medical Nursing Unit—Marion Hanson
Health & Sanitation Unit—Elmer Neary
Rescue & Evacuation—Howitt Warren
Administrative—Norma Morison
Boy Scouts—Lucian Lalibertie
Schools & School Children—Laurie Harris

In case of an emergency all unit heads will report to the Fire Station at once and if you need assistance call Hollis 51-5 or give your message to the Operator.

E. R. SIMONDS
Local Civil Defense Director

REPORT OF TOWN FOREST COMMITTEE

The lumber cut in the Dickerman lot in 1951 has now been sold. The town realized a cash profit of $699.92 and supplied the Highway Department with 3500 board feet valued at $262.50 making a total net gain to the town of $962.42.

The wood cut at the December 1951 chopping bee in Spalding Park was sawed and delivered to the library. This saved the town $51.00. In addition the road agent received 35 guard rail posts at no extra cost.

In 1952 the Road Agent cut 2800 bd. ft. of oak and hemlock in Spalding Park and used it in the rebuilding of one of the twin bridges at French's mill. This saved the town over $70.00.

In the spring of 1951 Norman Gardner, one of the state's management foresters marked some pine to be thinned east of the five corners in the Park. Maurice Marvell bought 6030 bd. ft. of this on the stump. Further thinning should be done on this lot and the road system should be improved and extended to reduce the fire hazard now existing.

During the fall of 1952 two weeding bees and a chopping bee for library wood were held in the Dickerman lot. Much hardwood that interfered with the young pine was removed. Another bee should be held, it will mean a better pine lot in the future.

Howard Parkhurst started cutting at the Dickerman lot in November, hauling the logs to Price's mill and then sticking out the lumber on the tool house lot. Robert Breck, the County Forester, marked over 25 thousand feet to be cut. This is one of the many things that he has helped us with. The two areas burned over a few years ago have been worked over. A lot of the pine there went into pulpwood. Many of the trees were good enough to be saved.

There is much interest in the work being done on the lot. The annual field day of the County Farm Bureau, held at Silver Lake State Park had a short tour through the lot. A County Forest Field Day was held there Sept. 19.

Last spring the Boy Scouts and the 4-H Forestry Club set out about 1000 red pines in the old fiields on the Wallingford and Stearns lots. A few hundred were set out on the hogback east of Dunklee Pond. The trees were furnished by the state at no cost. A local truck brought them from the State Nursery at Gerrish together with trees for the County Soil Conservation District and several local land owners. We plan to do the same this year. There are several areas where white pine will never seed in that should be planted.

The 4-H Forestry Club has done some weeding, thinning etc. in the Wallingford lot, northeast of Dunklee mill. They were paid $6.40 for pruning a lot of pines, some to a full log length of 17 feet. They hope to earn more and use it towards 4-H camp. They plan to do most of their work in the same area. It will be interesting to watch the progress and the results of their work in the future.

WHITE PINE BLISTER RUST CONTROL

1952

Town Funds Expended	$398.78	
Cooperative Funds Expended	110.81	
Total Expended		$509.59
Received from Town	$400.00	
Expended from Town Funds	398.78	
Town Balance		$ 1.22
Area Covered		7,561 acres
Currant and Gooseberry Bushes Destroyed		5,743

WHITE PINE BLISTER RUST CONTROL

INFORMATION 1952

Blister Rust Control Area in Town	18,938 Acres
Pine Area	8,000 Acres
Initial Ribes Eradication Completed	18,938 Acres
Second Ribes Eradication Completed	15,652 Acres
Area Now on Maintenance	15,637 Acres
Work Coming Up in 1953	3,286 Acres
Second Work	3,286 Acres

REMARKS: Control area reduced from 19,138 Acres to 18,938 Acres because of lack of pine in some areas and the reduction of control areas.

The control work should be carried on to completion in 1953.

Summary of 1952 work:

Area covered	7,561 Acres
Ribes destroyed	5,743
Town funds spent	$398.78
Cooperative funds spent	110.81
Total funds spent	$509.59

S. D. CONNER

District Leader

PLANNING BOARD

Report of the Hollis Planning Board for 1952:

Street signs, house numbering, road planning and recreation facilities have been the activities of the Board this year.

As a continuation of the need of identification and location of buildings and streets started with the map issued in 1951, a street sign program has been started. Previous signs made up but not finished or erected were found and are to be used. Through the kind offer of Laurie Harris, the High School Manual Training classes took an inventory of the signs needed and offered to make the signs. An estimate of $150 was submitted for necessary materials and the Board appropriated $80 to supply basic materials of lumber, aluminum letters and paint to the High School. Further expense will be for posts and hardware to erect the signs. The High School plans to complete as many signs as possible this semester.

The Fire Department has suggested that a house numbering formula be set up as an aid to building location for general purposes and more efficient fire protection use. Nothing definite has been accomplished on this as yet but it has been suggested that a formula of street front footage be set for each number and the plan be available for number erection on the buildings at some future time. It is planned to use this numbering system on the map revision in the future instead of names as at present. The problem of labor to survey and set the numbers for each building and erect the numbers is a project of town improvement under consideration by the fire department.

Some suggestions have been made that some street names should be changed to avoid some present confusion. No definite recommendations have been made and any suggestions of necessary changes will be welcomed by the Board.

A long range Road Planning program has been recommended by the State and Town Highway departments. Mr. Stanton Otis and Timothy O'Neil of the N. H. State Highway Dept. and Charles Dow, Town Road Agent, attended one of the meetings when this idea was discussed. Several members have been out on road survey trips with Charles Dow and it is planned to cover all roads so a program of road improvement and maintainance involving use of state and local funds can be set up.

Recreation facilities, equipment and costs have been studied on an individual basis for playground and sports use. Some funds have been raised privately by organizations and are being held for playground equipment uses when a sufficient amount is available. It has been suggested that rather than a town function and expense that some individuals and organizations would undertake the raising of funds for some of the needed projects. Playground equipment for the new school is needed and equipment recommended for safety and durability has been suggested. The Planning Board and School Board will be glad to talk with any individuals or organizations interested in this project. A basketball court has been suggested for the High School with new baskets and a properly surfaced area being installed in the rear of the school building. The playground next to the Library is being used for school and town softball but is not adequate for regular baseball. The present baseball diamond on Depot Road is not handy to the school for recess and after school use and any available land near the High School that could be used for several years and prepared for regular baseball use would add to the recreation and value of school sports. A suggestion has been made that folding or portable bleachers be installed in the upper town hall for audience use at basketball games. Present seating capacity and condition of benches is inadequate and dangerous.

Landscaping of the new school is being sponsored by the Woman's Club. Some shrubs were planted by the Public Service Co. at our request around the transformer station on Silver Lake Road. The Tree Committee composed of representatives from each of the town organizations has been requested to replace trees recently or needing removal and add others on public lands and roads in the town.

Increase in valuations in the town through residential development is a matter of tax concern and long range planning. Inquiries for available residential building lots are numerous and there have been some suggestions made, but no Board action or discussion, that any property owners who have land they would consider selling for

building lots could have a clearing house to answer inquiries. It is suggested that some town official or committee could act in this capacity.

The Planning Board urges and will welcome any suggestions of immediate or long range projects for the town's benefit.

H. CLIFFORD MANNING,
Chairman
MRS. EDNA F. HILL,
Secretary
WINTHROP L. CARTER, JR.

SCHOOL WARRANT

THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the School district in the town of Hollis qualified to vote in district Affairs:

You are hereby notified to meet at the Town Hall in said district on the 9th day of March 1953, at eight o'clock in the afternoon, to act upon the following subjects:

1. To choose a Moderator for the coming year.

2. To choose a Clerk for the ensuing year.

3. To choose a Member of the School Board for the ensuing three years.

4. To choose a Treasurer for the ensuing year.

5. To determine and appoint the salaries of the School Board and Truant Officer, and fix the compensation of any other officers or agent of the district.

6. To hear the reports of Agents, Auditors, Committees, or Officers chosen, and pass any vote relating thereto.

7. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

8. To see what sum of money the district will raise and appropriate for the support of schools, for the salaries of school district officials and agents, and for the payment of statutory obligations of the district, and to authorize the application against said appropriation of such sums as are estimated to be received from the state foundation aid fund together with other income; the school board to certify to the selectmen the balance between the estimated revenue and the appropriation, which balance is to be raised by taxes by the town. (Nos. 1-19, 25, 26 & 27 of Budget)

9. To see how much money the district will raise and appropriate for special repairs, alterations, insurance and new equipment. (Nos. 20-23 of Budget)

10. To see if the district will authorize the transfer of the balance of the funds from the school building account to the school district and empower the School Board to expend such funds for the improvement of the driveway and grounds at the new Elementary School.

11. To see if the district will authorize the School Board to enter upon transportation contracts for a period not to exceed five years if it is deemed advisable.

12. To transact any other business which may legally come before said meeting.

Given under our hands at said Hollis this 13th day of February 1953.

DENTON V. LATES

BERYL R. ORDE

HENRY C. HILLS

School Board of Hollis

SUPERINTENDENT OF SCHOOLS

ADMINISTRATION

I present my 14th report under the three headings which follow. Elsewhere statistics comprise our report.

A. INSTRUCTION

As a list of the teachers is elsewhere in this section, I will not repeat them here. Actually, you will note, there was but one change in the teaching personnel. Mrs. Pauline Joslin replaced Mrs. Ryan in Grade I. Mrs. Joslin is a former teacher, returning to work after a refresher course at Plymouth. An additional teacher appears on the list, Mrs. Phyllis Marvell in Grade II, and Miss Greenwood moved up to Grade V. Mrs. Marvell is an experienced teacher, the latest being in New York State.

Last year I mentioned the value of workshops. Again I report the one held this last November in Mental Hygiene. After Dr. Philbrook of Concord opened the sessions as the Keynoter, four groups in alternating sessions explored Child Growth and Development, Guidance, The Arts, and Physical Education. On the final day a summary was given from the groups and material of value presented for use in each home room. An evaluation was made by all the teachers assembled, indicating that the results were very worthwhile. The large majority said it was "the best workshop we had held." I echo the values in these larger teachers' meetings, where more and differing ideas can be presented.

A 1951 pamphlet, "Good Schools for Children," states among other items that "The good elementary teacher

knows, understands, and likes children and their parents
is an educated person with wide interests and a stimulating personality
is professionally qualified for teaching
has a deep and abiding faith in democratic values
knows the community and takes part in its activities
continues to grow personally and professionally
cooperates with and is loyal to the school authorities
is a happy, well-adjusted person
really wants to teach."

Since the above might apply to any teacher, elementary or high school, I ask you to consider these points in judging those who teach in your schools.

B. FINANCE

Below I give you the figures to illustrate Per Pupil Costs, exclusive of Capital Outlay, Debt, Transportation and Tuition. These results are for 1951-52.

	Grades 1-8	Grades 9-12
Amherst	$157.11	$225.00 in Milford
Brookline	141.14	271.75 in Nashua
	(161.94 for 7 & 8 in Nashua)	
Hollis	143.18	309.17
Milford	154.14	245.19
Mont Vernon	164.47	225.00 in Milford
	($150.00 for 7 & 8 in Milford)	
State of N. H.	165.00 (estimated)	275.00 (estim.)

Tuition charges are based upon these statements. Therefore, they are important for your information.

State Aid was received by all towns in this Union as follows: Amherst $3,936.13, Brookline $4,120.74, Hollis $3,405.02, Milford $5,245.16, Mont Vernon $176.42. Next year's aid will be determined by the General Court now in session. Therefore, estimates used in this report may be exceeded or entirely eliminated before next June.

C. NEEDS

I still urge you to initiate a redecorating program to keep the rooms neat and attractive. Do some each year and regularly.

You should be considering a program improvement by the addition of commercial and shop work as the size of the school increases and the numbers of boys and girls requiring such courses become larger.

Teachers and parents need to understand each other and mutual problems. I believe citizens should visit schools more, as interested in their child's education, for adjustment of children's difficulties, and to inquire into school problems. You may do all three intelligently, or offensively. My advice is to not criticize on one's first visit

and then later "with fasting and prayer." Open minds lead to co-operative endeavors. This is only good taste in making our contacts with the school.

I am extremely grateful to the teachers, the Board and to you citizens for the opportunity to serve. I appreciate all the cooperation we have had in "bringing to pass" a successful school program.

The school program in Hollis just now is very good. The lower six grades are splendidly housed in your new building. Everyone seems so happy in this beautiful environment and I foresee improvements there as the landscaping is finished. The upper six grades are not now crowded and confined to few rooms. The expansion has been very helpful to Hollis High School with some allowances for growth. They now have a good laboratory, good Home Economics room, sufficient home rooms, an assembly room and a teachers' room. You have done a "good job" to accomplish all these things in one year.

Very respectfully,

HAROLD C. BOWLEY

Superintendent of Schools

SCHOOL CENSUS, SEPTEMBER 1952

MRS. BERYL ORDE, Enumerator

Age Sept. 1, 1952	Total	No. of Children Boys	Girls	No. Attending Public School

	Art (Part-time)	518		
Ostertag, Ruth (Mrs.)		plus transportation $88.80		

REPORT OF THE PRINCIPAL

January 29, 1953

Mr. Harold C. Bowley, Superintendent
Milford, New Hampshire

I herewith submit my second annual report as principal of the Hollis Schools.

The following is a list of the subjects offered this school year and the number of students in each class.

High School

Subject	Pupils
Biology	12
Chemistry	13
Civics	13
English IX	14
English X	12
English XI & XII	17
Family	5
French I	11
General Mathematics	8
Geometry	18
Junior Business Training	20
Latin II	4
Sociology	6
Textiles	6
United States History	17

Junior High

Subjects	Pupils
Arithmetic VII	21
Arithmetic VIII	19
English VII	21
English VIII	19
Geography VII	21
History VII	21
History VIII	19
Home Econ. VII & VIII	21
Science VIII	19
Shop VII & VIII	18

School activity began a little earlier than usual this year with the moving into the New Elementary School. It seemed so quiet at the High School minus grades 1-6 but, with the conversion of the old Home Economics room into a fine new laboratory, moving the Economics room to the former third grade room, and placing grades 7, 8, 9, & 10 in separate home rooms, and with grades 11 & 12 sharing a home room, the schools settled down to their routine schedule.

The Ladies' Reading and Charitable Society opened the school activities with a fine reception for the teachers on September 19th. The Sophomore Party for the Freshmen again started the student activities. The Senior Play "The Million Heir" sponsored by the Senior Class and directed by Miss Pearl C. Rideout was a hilarious

success. On the same date, October 24th, the Sophomores and Freshmen presented an assembly program to the student body under the direction of Miss Olive H. Marshall explaining the function of the United Nations Assembly. The Seventh and Eighth Grades enjoyed a Halloween Party in the School Cafeteria on October 31st. The United States History and Civics classes presented a mock political rally (Republican & Democrat) at the Town Hall on November 3rd, under Miss Olive H. Marshall's direction, that certainly bore all the resemblances to a professional rally.

Education Week, November 9-14, began with the excellent dedication exercises at the new Hollis Elementary School. Open House was held at both schools on November 11th and was very well attended by the parents and townspeople. The Juniors and Seniors sponsored their first Record Hop on the 14th of November.

The Teachers of Union No. 40 sponsored a Workshop on Mental Hygiene which was very well attended by residents of this town on the Wednesday night panel discussion concerning report cards.

The basketball season began the first week of December. Another Junior and Senior Record Hop was held on the 13th and the well presented and attended Christmas Pageant, "Song Over the World," under the able direction of Miss Ethelyn Edwards, concluded our activities before Christmas. Properties for the pageant were constructed and drawn by the students of the High School under Mrs. Ruth Ostertag's direction.

Since Christmas Recess basketball has been our major activity with the following tentative dates scheduling other coming school activities.

Snow Ball	February 21, 1953
Grade School Festival	March or April
Junior Prom	April 24, 1953
Senior Food Sale	May 9, 1953
Junior Food Sale	May 23, 1953
Senior Ball	June 5, 1953
Graduation	June 1953

The School Lunch Program began October 6th with a new arrangement. Lunches were prepared at the Elementary School, for both schools, under the supervision of Mrs. Ruth Coleman and transported to the High School by Mr. Richard Taylor. The School Lunch personnel include Mrs. Hazel Parkhurst, Mrs. Evelyn Morrill, and Mrs. Bianca Lewis.

Total receipts for the year 1951-52 were $7221.60 and total expenditures were $6996.40. Federal Aid amounted to $1538.46.

Seniors graduated June 13, 1953 and their fields of endeavor:

Robert Cave	Beebe Rubber Co.
Robert Glover	Armed Services
Lorraine Jambard	Nurses' Training (Memorial)
Janice Marvell	New England Telephone Co.
David Munroe	Armed Services
Marion Muzzey	Housewife
Mary Ellen Orde	Nashua Business College
	Doehla Card Co.
Priscilla Parker	Nashua Plastics Co.
Mildred Slocomb	New England Telephone Co.
Frances Wright	Floral Design
	Nashua Business College

The following students had perfect attendance for 1951-52:
Elementary—Nancy Sedlewicz.

Junior High—Marilyn Glover, Helen O'Neil, James Crawley, Linda Locke, Nancy Therrien.

High School—Janice Marvell, Joyce Allen, Arthur Durant, Frances Wright.

The New England Pilot Project Group presented the schools with a new Bell and Howell 16 mm film projector, purchased through the courtesy of Mr. "Jack" Rice, which has greatly aided our visual aids program under the direction of Mr. Henry L. Bremner. I personally wish to express the sincere thanks of the schools for this useful gift.

The loan of a television set by the Odd Fellows Lodge made it possible for the pupils in grades 7-12 to observe the Inauguration on January 20th. This was a milestone in their lives that I am sure was well worthwhile.

Another addition to our school system has been the hiring of Mr. Richard Taylor to transport our pupils to and from school as well as the transportation of our basketball teams and library children.

The Elementary School certainly has provided the educational opportunities for both pupil and teacher alike and I am sure that the townspeople deserve to be complimented on their judicious strides in educational facilities. The teachers are more nearly reaching their educational goals, due to the separation of grades and the expansion program made possible by the erection of the new school. However, I feel that the possibility of a commercial course in the High School should be carefully considered.

In closing I wish to express my appreciation for the cooperation and aid given me by the Superintendent, Assistant Principals, Teachers, Pupils, School Board, and Townspeople.

Respectfully,

LAURIE L. HARRIS, JR.
Principal

REPORT OF HOLLIS SCHOOL BUILDING COMMITTEE

AUTHORIZATION

On March 9, 1951 the Hollis School District voted 115 to 17 "to build and equip a new elementary school consisting of six regular class rooms with adequate sanitary service and administrative facilities, provide the necessary equipment and furnishings and to acquire any real property that may be necessary for the proper location of such school."

It also voted unanimously "to raise and appropriate the sum of not over $115,000.00 of which $103,000.00 is to be raised and appropriated and $12,000 plus interest transferred from the capital reserve fund, to construct, equip and furnish such new elementary school, and acquire any real property that may be necessary for its location; and that the District vote to authorize the issue of serial notes or bonds upon the credit of the District for all or any portion of the sum to be raised and appropriated, and that the District vote to authorize the school board to determine the terms and conditions upon which the notes or bonds shall be issued including their sale, the time and place of payment of principal in accordance with the municipal bond statute N. H. Revised Laws Chapter 72 as amended by laws of 1951."

The District also voted unanimously "to appoint a Building Committee to consist of the school board and two persons to be appointed by the moderator to select the location of the school and to supervise the construction of said building, provided that the plans, specifications and selection of the site for the new school shall be approved by the school board acting alone as required by law and the school board be further authorized to execute any and all contracts or agreements necessary in connection with the construction of said school".

The Moderator later appointed Arthur G. Davis and Erving Simonds to serve with the School Board as a Building Committee.

The committee visited new schools in Antrim, Harrisville, Deerfield and Merrimack and talked with members of the building committee in each town to pick up good ideas, to note the costs of construction, to learn who the architects and contractors were and to note any mistakes which the local committees felt had been made.

The work of two architects impressed us more than that of any others and they were asked to meet with us and discuss our problems.

SELECTION OF ARCHITECT

After considering the ideas and proposals of both architects, the committee voted unanimously to engage the firm of Irving V. Hersey Associates of Durham to prepare detailed plans and specifications while we decided on a site.

SELECTION OF SITE

After consultation with the Office of Commissioner of Education and with the State Sanitary Engineer we decided that at least seven or eight acres would be necessary to provide adequate playground space, room for expansion when necessary and for sewage disposal.

We visited eight possible locations within the village limits and obtained prices on three of them.

The necessity for a plentiful water supply without drilling a deep well, and the disposal of sewage without great expense, eliminated most of these. The price demanded eliminated others.

In our present location we have seven acres which provides for expansion, if necessary, a well which provides more than 12 gal. a minute and with large storage capacity, and our sewage can not contaminate our own water supply nor that of neighbors. It is purified in a natural manner by absorption through sand and gravel in a slope west of the school.

LETTING CONTRACT TO BUILD

After the architect had prepared detailed plans for a six room school with cafeteria, lunch room and service units to be framed with steel and built of cinder blocks with brick facing, at a cost not to exceed $96,000.00 and with a heating system capable of heating four more rooms if necessary, we accepted his plans and authorized him to advertise for bids in newspapers and construction trade papers.

Bids were received from seven general contractors to build according to the architects detailed specifications and each of these general contractors included bids from seventeen subcontractors. The total bids varied from a low of $96,204 to a high of $146,304.

Blanchard Stebbins of Manchester was the low bidder and was accepted. Then by picking the lowest sub-bidder for each of the sub-contracts and with a few changes recommended by the architect and contractor, a lower contract price of $93, 702 was accepted by Mr. Stebbins. This price covered everything except land, water

supply, sewage disposal, equipment, architect's fees, finish hardware and small miscellaneous items.

Although there was a threat of shortages of critical materials due to Defense Mobilization, no changes in the original plans were made because of inability to obtain steel or other materials, nor was it necessary to cheapen construction in any way to keep within our budget.

AUTHORIZATION TO BUILD

Before ground could be broken, it was necessary to comply with government regulations to obtain an "Authorization to begin Construction", and a "Certificate of Necessity," as well as allotments of the necessary steel and other critical materials.

Applications were submitted to the National Production Authority and to the Federal Department of Education in Washington.

Authorizations were granted through the personal efforts of a committee member during a trip to Washington not financed by the Building Committee.

HOW MONEY WAS RAISED

Representatives of The First National Bank of Boston and of H. W. Horne, Investment Banker of Concord, N. H. met with us and explained methods of issuing bonds and the cost of legal work involved. They told us that the interest rate must be 2½% to attract purchasers of the bonds.

A few weeks later Mr. Horne informed us that he would give us full value for one hundred three one thousand dollar bonds bearing only 2% interest, all payable within sixteen years instead of twenty years as originally planned if we would authorize him at once to go ahead with the preparation and sale of the bonds. The school board, acting alone according to law, contracted with the H. W. Horne Co. to prepare and sell the bonds. This sale at 2% instead of 2½% will save $4535.00 in the 16 year period. This sale in October 1951 gave us the full sum of $103,000.00 before we needed all the money. Officials of the Indian Head National Bank advised us to purchase 90 day U. S. Treasury Bills with renewal as funds would allow. In this way we picked up $822.11 interest which the School District voted in March 1952 on our advice, to transfer to the School District toward the first interest payment on the Bonds.

HOW BONDS WILL BE RETIRED

Six $1000.00 bonds will be retired each year from 1952 to 1960 inclusive and seven each year from 1961 to 1967 inclusive. This brings the total payment of principal and interest to approximately the same amount each year.

THE CONSTRUCTION

Contractor Stebbins broke ground in March 1952 and the building was ready for school the following September. Plenty of problems were encountered requiring daily supervision and a regular weekly meeting of the whole committee.

The architect or his inspector kept careful watch over the construction to insure complete compliance with all specifications.

We feel that the completed job is perfectly satisfactory.

CONTRACTED BUILDING COSTS

Bids accepted:		
General Contractor		$47,828.00
Sub Bids:		
1. Structural Steel, etc.	$ 4,400.00	
2. Bar Joists	3,128.00	
3. Cast Stone	200.00	
4. Pressed Steel Frames	374.00	
5. Millwork	3,472.00	
6. Roof & Sheet Metal	3,563.00	
7. Steel Sash	2,000.00	
8. Toilet Room Stalls & Partitions	619.00	
9. Acoustical Tile Ceiling	3,037.00	
10. Tile Floors	1,550.00	
11. Chalk & Tack Boards	538.00	
12. Finished Hardware	800.00	
13. Painting	1,900.00	
14. Window Shades	558.00	
15. Electrical Work	3,460.00	
16. Plumbing System	7,764.00	
17. Heating & Ventilating	11,312.00	
		48,675.00
		96,503.00

Less changes in specifications		2,801.00
Stebbins Contract Price		93,702.00
Plus Budget Allowances:		
Land	2,000.00	
Water Sewage, etc.	4,500.00	
Equipment	7,000.00	
Finish Hardware	865.00	
Architect Fees	5,400.00	
Miscellaneous	1,500.00	
		21,265.00
Total Estimated Cost		$114,967.00
Cash available		
From Sale Bonds	$103,000.00	
From Capital Reserve	12,000.00	
From Interest Reserve	331.14	
		$115,331.14

We have spent $114,097.90 for the building all equipped, the land, drainage, water system, sewage disposal, gravel road, hot top walks, front lawns graded and seeded and are returning $1,233.24 to the School District. We kept within our budget allowance and have "constructed, equipped and furnished"—"acquired real estate" —"provided method of financing" as voted by the School District.

We did some extras as we went along when it was cheaper to do them then than later, and as our funds allowed.

The road should be oiled, the playground seeded and more grading done near the building.

RECOGNITION TO THOSE WHO HELPED

The committee wishes to take this opportunity to thank ALL of the people who have helped in any way with the whole project of building the Elementary School.

First, our thanks to the State Board of Education and particularly to Mr. Paul Farnum for his very helpful advice; to Mr. Harold Bowley, Supt. of Union No. 40, for all of the extra time and effort that he has given to Hollis this past year; to Mr. Francis Lariviere of the State Board of Health for his aid in the choice of

a lot and the disposal of sewage; to Water Unlimited, Inc. for help in obtaining an excellent water supply; and to Mrs. Norma Morison for help with the typing.

Secondly, to the men and boys who helped with the moving of equipment from the High School to the Elementary School, our sincere thanks for a long day of hard work; namely—Harold Bowley, Laurie Harris, Jr., Henry Bremner, Peter Bell, David Wright, Herman Stickney, Jr., Laurie Harris, 3rd, Charles Brown, Robert Cudworth and the janitors; also to Woodbury D. Bell and Wendell Wright for the use of their trucks; and to the Firemen for moving the pianos.

Next, our thanks to Winston Parkhurst, Warren Towne, Alan Orde and Jeffrey Smith for plowing, harrowing and seeding the winter rye on the south side of the school house lot. We will be very glad to have volunteers for plowing and seeding this spring and later to seed the north side of the lot. Also thanks to Charles Dow for help with the loaming of the lawns and to George Burton for fertilizer for lawns.

We are very grateful to the Hollis Woman's Club for its offer to assume the responsibility for landscaping the grounds; also to Mr. and Mrs. Arthur Rice for the gift of the flag and flag pole.

Lastly, our deep and sincere appreciation to all of the town's people who gave to the fund to purchase the bronze placque and the gift for playground equipment. The placque has been hung in the corridor opposite the north door.

HENRY HILLS, Chairman
ARTHUR DAVIS, Treasurer
BERYL R. ORDE, Clerk
ERVING SIMONDS
DENTON LATES
Building Committee.

The members of the School Board take this opportunity to express their thanks for the great amount of time and effort that Arthur Davis and Erving Simonds have contributed to the building of the Elementary School.

DENTON LATES
BERYL R. ORDE
HENRY HILLS
The School Board.

TREASURER'S REPORT

Receipts

From Trustees of Trust Funds—Capital Reserve	$ 12,000.00
From Trustees of Trust Funds—Int. Capital Reserve	331.14
